

Sandy Dollar®

She is the leader of the group and her favorite color is **RED**. Sandy Dollar is the most lovable character you could EVER want to meet. Her enthusiasm is contagious. When the cards are down and the rest of the SeaBabies are stressed or trying to solve a problem.... Sandy Dollar is always the one to lead the way. Sandy Dollar always shows a little extra compassion, encourages people to forgive, inspires people to change their hearts by meeting Anger with Sympathy....Hate with Compassion and Cruelty with Kindness. To Sandy Dollar.... Love is the most powerful weapon on the face of the earth!

She really promotes - **Community Outreach**: Getting involved and seek out environmental/ social groups who care about what you do!

Herbie™

Curious, Sensitive, Intelligent! Herbie is a genius when it comes to Technology and Science. He can build anything and is dressed in **green**. He is always looking for innovative ways to help the environment and the earth. Herbie is introverted, but once he opens up to you he will give you the world. He has incredible problem solving skills. He thinks outside the box to solve things. He loves to help people learn new things. He has a GREAT sense of humor.

He really promotes - **Climate Impact**: Reduce what you can, but then “offset” the impacts you can’t (like air travel, car travel, energy use) that is driving rapid ocean acidification and sea level rise.

Finley™

Confident, Humorous and Energetic! Finley is one of the funniest people you have ever met! He LOVES Math and the color **orange**! He is very determined and never gives up. He can adapt in different situations. When the cards are stacked against the SeaBabies, Finley’s humor always lightens the mood. Because he LOVES math AND recycling.... Finley is always sharing number figures. For example: EVERY day, American businesses generate enough paper to circle the earth 20 times!!! or....Recycling 1 aluminum can saves enough energy to run a tv for THREE hours!!!

He really promotes - **Waste Management**: includes - Reducing, Reusing and Recycling - to limit the impacts of your daily consumption on strained natural resources.

Penny™

Positive, Healthy, Motivational: Penny is a great example of why you shouldn't judge a book by its cover. Although she looks like a tom-boy, Penny is your regular girls-girl and loves to wear **purple**! She has a very strong sense of self in a very humble way - so that means she does NOT have a big ego. Wellness, Fitness and eating right are VERY important to Penny. She loves ALL sports! She can do backflips, cartwheels and more.

She really promotes - **Health Management**: Includes better food choices you can make (local, organic, sustainable sourced), exercise, recreation, and cultivating a positive daily state of mind. She is also big on **Renewable Energy** (hence the lighting bolt). This includes using renewable energy like solar, wind, wave and bio-fuels to power your daily life.

Kiki™

Silly, Vibrant and Precious! She is our **pink** princess! The cutest most lovable little baby you have met. She is always around Cuddles. She really looks up to Herbie.

Cuddles™

Innocent, Sweet and Loving and dressed in **blue**! ! His cute little baby smile could light up the room. Cuddles is the one character that although he is the youngest/smallest, and the SeaBabies are challenged with some HUGE problem, Cuddles finds the answer. He is always crawling into situations he should be crawling into. This usually starts off a full fledged adventure for the older/ other SeaBabies.

Lita Bugg™

Lita is NOT a bad guy but instead a GREAT example of someone who just doesn't know any better. She always comes off like a trouble maker.... but it is the SeaBabies commitment to show her the good vs. the bad. Each episode, Lita will always do something bad.... maybe litter.... and then the SeaBabies try to show her the effects and help her learn from what she has done. Lita Bugg is just mis-lead like SO many boys and girls around the world who are JUST looking for a role model, someone to look up to and learn from.
